Signature of Parent or Guardian _____ Date: _____

List any known medical problems or medications taken on a regular basis that should be known to your convenor:

Helmet Policy

The risk of injury from any activity on an ice surface is significantly increased by not wearing protective headgear, including the potential for permanent brain damage. Wearing protective headgear significantly reduces the risk of serious injury.

All youth curlers shall be required to wear a properly fitted and secured (as per the direction of the manufacturer) helmet certified by the CSA (Canadian Standards Association) while on the ice surface.
